DETAILED ACTION

Applicant's amendment filed 7/6/2010 has been received and entered into the present application.

Applicant's arguments filed 7/6/2010 have been fully considered. Rejections not reiterated from previous Office Actions are hereby withdrawn. The following rejections are either reiterated or newly applied. They constitute the complete set of rejections presently being applied to the instant application.

Status of Claims

Claims 4-16 are currently pending.

Claims 6-12 remain withdrawn from consideration.

Claims 4-5 and 13-16 are currently under examination and the subject matter of the current Office Action.

Per applicant's newly amended claim 4, which has been amended to specifically exclude the specie:

the search has been expanded to the compound made of record in the 102(b) rejection.

Objection

Claims 13-14 are objected to for being dependent on a rejected independent claim, but would not necessarily be allowable is re-written in independent form.

Rejection necessitated by amendment:

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 4-5 and 15-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Fourtillan et al.

(U.S. 5,763,471)

Fourtillan et al. teach the compound:

where on the above compound R1, R3, R4 and R12 are H, R17 is Br, R8, R9 and R5 is an alkyl group ,
R2 is a lower alkoxy and Z is an alkylene.

Conclusion

No claim is found to be allowable.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
